Word of the Month for March-April "Synergy"

by Jake Marsh & Thomas Raines

"**Synergy** is better than my way or your way. It's our way."
- Dr. Steven R. Covey.

Synergy, to put it simply, is cooperation such as a team working together to getting things done. When a team works together to overcome their problems and differences

that is an act of showing synergy. Open mindedness and working with people with different points of view is an important key in having synergy.

In short synergy is vital for building bonds and learning to work together.

Braille Challenge

by Richelle Zampella

OSB's 17th annual regional Braille Challenge took place on March 7,

2019. This year marks the 100th birthday of the Braille Institute, so it was quite a celebration (complete with delicious cupcakes baked by Andrea Hamen)! We even saw some familiar faces of alumni and previous staff members who came back to put their braille expertise to use in the score room.

National finalist results will be released May 1, and the national competition will take place at the University of Southern California campus on June 21-22.

Putting on Braille Challenge is a team effort and takes work from inside and outside OSB. Many thanks are owed to Mrs. Miller and Mrs. Holder, who pour their all into coordinating the Braille Challenge every year. (OSB students deserve some credit, too - from baking the cookies in the gift bags to testing and distributing braille writers for the contestants, they definitely did their part.).

Not to mention **our generous sponsors** for the event:

Oklahoma School for the Blind
Braille Institute of America
Humanware
Liberty Braille
Frank Dirksen
NanoPac
NewView Oklahoma
LS&S
Sapulpa Lions Club
Ruth Kelly Studios donation of photos
Oklahoma AER
Oklahoma Council of the Blind

Thank you all for a great event, and we can't wait for next year!

Oklahoma Close Up

by Thomas Raines

OK Close Up happened from February 19th-22nd.

Students came from across all Oklahoma to spend 3 days exploring current events and how Oklahoma's government impacts their lives. They met with key members of the Legislature, the Executive Branch and the Judiciary to

learn from them and to discuss issues with them.

The OSB students who went this year were:

Jillian Matthews, Kaylee Ragon and Preston Fenton.

They did some pretty interesting things such as:

- debating things going on in the state and creating their own bills to debate on.
- Jillian and Kaylee shadowed a District Attorney (DA) and discovered what a DA does.

- Preston shadowed a legislator.
- They had the opportunity to watch a court case about a murder in Enid Oklahoma and learn how the court system works.

If you would like to learn more about OK Close Up check out their website at <http://www.okcloseup.com>.

Any students interested in attending in 2020 should see Mr. Jackman for more information.

National Manufacturing Day

by Jake Marsh

This year OSB participated again in the national event called **Manufacturing Day**.

This was the second year OSB has participated. Manufacturing Day is a national event where students across the country

explore careers in the manufacturing field.

Manufacturing Day's purpose is to give people an opportunity to overcome their challenges and learn about different jobs in the manufacturing business.

On March 13th, students in 9-12 grades went to **NewView Oklahoma's** manufacturing plant in Oklahoma City.

We left the school at 7:45 am and returned at 4:00 pm. Students dressed in business

casual and were prepared for a day of learning about opportunities in the field of manufacturing.

At NewView we took a tour of the manufacturing plant, ate lunch with the employees, learned about hiring practices at NewView, and learned about other programs NewView has to offer.

The Wild Life of Scouting

by Raven Decker & Trinity Lewis

Well, this past February there was a big change to where girls are now accepted into Boy Scouts, and they are now called **Scouting**.

Anyone who wants to, can now join either **Scouting** (formerly Boy Scouts - **all ages**) or **Venturing Crew (14 or older)**, also part of Scouting.

On March 25, the day we got back from Spring break, Scouting was going to have a heart-to-heart fundraiser and a banquet, but it was canceled

because they didn't have anyone to do the fundraiser. So, the Venturing Crew and Boy Scouts were canceled.

In March, the Venturing Crew and Boy Scouts were supposed to go and participate in archery on a Sunday, but it was canceled due to the weather. They are in the process of rescheduling this event.

On April 27, there was going to be a campout, but it got canceled as well.

The Venture Crew are currently looking into having a campout with the Boy Scouts in the Tulsa area, during which they are planning on taking a class on how to fly an airplane. After the class, they will be able to experience flying.

The Cub Scouts are having a **family campout** sometime in April and daily club meetings.

SCOUT proudly

The membership fee is **\$25 per year** and members can sign up anytime, but it is preferred to sign up before the beginning of August.

Cherokee Heritage Center - History Trip

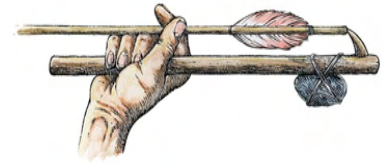

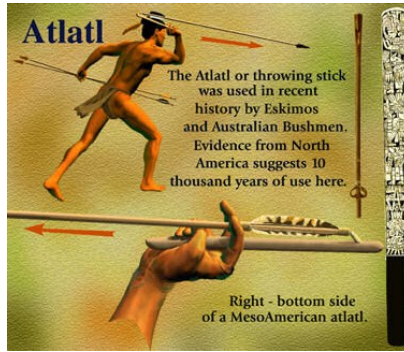

by Thomas Raines

The ninth graders went to the Cherokee Heritage Center in Tahlequah, Oklahoma.

There was a statue of Sequoyah and they learned about how the Native Americans lived.

They learned several things on their trip like how they dressed and made tools.

They also learned about a few weapons they used, a standard bow and arrow, spear and a weapon called an **atlatl**.

ATLATL

A spear-thrower or atlatl is a tool that uses leverage to achieve greater velocity in dart-throwing, and includes a bearing surface which allows the user to store energy during the throw. It may consist of a shaft with a cup or a spur at the end that supports and propels the butt of the dart.

Ask a Senior

by Tai Thomas

In this issue of "Ask a Senior", four questions were presented to the seniors.

Q: Ms. Goins asked: "What piece of advice would you give, now that you are getting closer to graduating?"

A: Malerie responded by saying, "One thing I've learned my senior year, that I wish I could have learned sooner, this is the time of your life when you should be making selfish decisions. Think about what would make you happy and will spark your interest in nature. Don't let anyone's opinions about your next

chapter in your life affect what you want to do in your future.

Q: Mrs. Maggie asked: "What is one of your most memorable moments at OSB?"

A: Nicholas responded with, "Going to the fair during the elementary years."

Q: Anonymous asked: "How do you all keep your grades up?"

A: Ariana answered by saying, "I turn in my work on time, give thorough answers, and proofread."

Q: Trinity Lewis asked:

"What is your favorite part of being a senior?"

A: Thomas Raines replied: "it's almost over."

Thank you for reading "Ask a Senior."

Prom

by Newspaper Staff

The theme of this year's prom was "**Rustic Romance**".

It was held at the **Eight Ten Ranch and Cattle Co.**

It was beautiful!

Every table was covered in white tablecloths with burlap runners, white chairs neatly tucked under the tables, and on the center of the table was a piece of cedar wood with a mason jar filled with babies' breath and fairy lights.

You could tell that it was going to be a good night, dinner was catered by Gino's Italian Restaurant and we had special cupcakes from Cupcakes by Lynda! They were delicious.

We were able to take a beautiful picture behind the venue with the pond in the background. As the dance began, sparkling candlelight was shining as everyone danced the night away.

Baba Kareem stopped by for her annual visit and predicted the futures of the Seniors.

As always it was fun to see her again and the Juniors can't wait to hear their futures next year.

The **QUEEN** was Ms. **Malerie Levens** and **KING** was Mr. **Conner Hilton**

We also had special guests. Director Melinda Fruendt and Jody Harlan, from DRS, joined us in the festivities.

The Jr/Sr class would like to thank the **UAFS Delta Gamma Sorority** for coming and serving dinner and dancing with us and the **Oktaha Student Council** for helping with the cleanup.

We would also like to thank the **Prom Committee** for organizing everything.

It was a night to remember.

Wrestling Review

by Tai Thomas

Well, the **wrestling season** has come to an end.

All of the wrestlers put their best foot forward by being a "student first and an athlete second."

Everyone had positive attitudes, showed excellent team support, and represented the school well off campus.

Let's have a recap of the season:

- On Tuesday, November 27th, the Panthers traveled to Henryetta to duel the Henryetta Hens and Wilburton Diggers.

The five competing wrestlers were: Tyler Duong, William Winston, Elbin Carrillo, Kentrell Wallace, and Tai Thomas. William and Tai both won one of their matches.

- In December, the wrestlers traveled to Hulbert.

(Continued on page 8)

Wrestling Review (continued)

(Continued from page 7)

- Tyler and Tai both received forfeits.
- On January 8th, for homecoming, the Panthers dueled Okmulgee. The wrestlers who competed were Tyler and John Duong, Kentrell Wallace, Nathan England, Dee Willis and Allen Alender.

John Duong ended the night with a win. Tai and Preston received forfeits.

- The Panther's last match was at Holland Hall in Tulsa.

Creek County Literacy Spelling Bee

by Kaylee Ragon

On Thursday, April 4th, **OSB's Braille Bees** headed back to Sapulpa for another successful year of spelling! This year's team consisted of first-timers Levi Smith and Mrs. Miller, as well as myself. After meeting with some members of the Lions Club, who sponsor us year after year, we settled in and got ready for the first round.

Successfully spelling words like "surreptitious," "voluptuous," and 42 others put us ahead of our competitors in the first round, **winning the school's trophy for the 6th year in a row!**

After being informed of our victory, we prepared to face off in the "**Ultimate Stinger Round**", where - even though we got out fairly early - we continued spelling along to challenge ourselves.

A huge thank you to the Lions who sponsor our team every year. It's a lot of fun and really pushes us to step out of our comfort zones, and of course learn new words we didn't know existed!

I think I speak for Levi and I both when I say the biggest thank you goes to Mrs. Miller, who stepped in at the last minute, studied all night the night before the Bee, and helped us when we fell a team member short the day of the event. She puts in so much time and preparation for us, but

being a speller on top of it was just icing on the cake.

Levi commented: "My first time was definitely an experience! I had mixed feelings at first, but Kaylee and Mrs. Miller really helped me understand the game. Mrs. Miller and I were in charge of helping Kaylee as she spelled the words on a whiteboard for our monitor to check and keep score. In the end, we walked away with the school's trophy, ready to come back next year!"
