

PANTHER PRIDE

School Principals: Shawna Coplen, Lynn Cragg

<http://osb.k12.ok.us/>

Welcome to the School Year 2020-2021

COVID-19 definitely put its own spin on the year 2020 and this current school year.

It presented everyone with challenges we didn't even know existed. Whether in our

personal lives, or in our work lives, we had to learn to adjust.

However, the OSB staff and students are determined to make the best out of this school year and have as much fun as possible, even though many events are cancelled or done virtually this year, while

doing our best to keep everyone safe.

THANK YOU

to everyone for being responsible, flexible and always up to a challenge.

1. Qtr. Honor Roll (EL&MS)

"A" Honor Roll

Elementary (3-5 Gr.)

Audree Montgomery
Stephanie Story

Middle School (6-8 Gr.)

Skyler Moore

"B" Honor Roll

Elementary

Payton Crum
Avery Dollar
Noah Dougan
Eric Enzenauer
Braylen Fuller
Blake Priddy

Middle School

Dayton Baccus
Jaylee Burnside
Julia Cisneros
Delilah Howell
Nikki James
Hunter Kelley
Evy Mitchell
Lilith Pedersen
Quanté Sellers
Lane Sutterfield
Anicka Weller

Reminder

High School students receive only semester grades, therefore will only be considered for Semester Honor Roll.

Social Services Department - News, Tips, etc.

It's never too late to be caught being good.... So keep up the good work students!! We are proud of you all!

"Caught Being Good"

Since school started we had several students who were CAUGHT BEING GOOD.

We are very proud of our students and want to give them recognition for going above and beyond to help others.

- ◆ Stephanie Story helped a student to class,
- ◆ Josie Cox helped another student up the stairs,
- ◆ Jacob Nash also helped a student up the stairs,
- ◆ Jacelynn Shields helped a classmate find their cane,
- ◆ Evy Mitchell helped a friend find their things outside,
- ◆ Ryan Horton helped a student get money from their account,
- ◆ Eric Enzenauer showed a student how to get down the hall to breakfast,
- ◆ Abby Norton helped a peer trying to catch up on her work, and
- ◆ Scott Moore helped a classmate to his seat with patience and kindness.

Keep up the good work being helpful and kind to others, kindness is contagious.

- GREAT JOB ! -

Word/s of the Month for Nov./Dec. "GRATEFUL / GRATITUDE"

Gratitude is the beginning of wisdom.

When I wake up in the morning I have tremendous gratitude I get another day, even before anything has happened. For me, being **grateful** is followed by a "thank you" while **gratitude** is a constant state of being.

Gratitude and **gratefulness** are reflections of each other that create ripples of happiness when embraced.

Gratitude is one of many positive emotions. It's about focusing on what's good in our lives and being **thankful** for the things we have.

Gratitude is pausing to notice and appreciate the things that we often

take for granted, like having a place to live, food, clean water, friends, family, even computer access.

Gratitude means thanks and appreciation.

Gratitude, which rhymes with "**attitude**," comes from the Latin word **gratus**, which means "**thankful**, pleasing."

When you feel gratitude, you're pleased by what someone did for you and also pleased by the results. Unlike indebtedness, you're not anxious about having to pay it back.

10 tips to fit gratitude in your life:

1. Every day, say aloud three good things that happened.
2. Keep a gratitude journal.
3. Say thanks to someone you love.
4. Cool a hot temper with a quick gratitude inventory.
5. Thank yourself.
6. Use technology to send three gratitude messages a week.
7. Savor the good moments.
8. Check for silver linings.
9. Look outward, not inward.
10. Change your perspective.

Distance Learning

by Yearbook/Newsletter staff

Some OSB students have been taken on the challenge of distance learning this year. This is a new adventure for them and the teachers, but they have all been doing their very best and have been successful at this new learning experience.

John Duong says that “The best part about distance learning

is we can have a longer break to stretch or find something to snack on, and we can also work at our own pace so we do not need to worry about rushing.”

Emileigh Jackson says, “One of the things that has went well with distance learning for me is that I

have been able to manage my time better so I haven’t been as stressed as I think I would be if I was at school.”

Even though we wish all of our students were on campus, it is nice to see that distance learning is going well and we look forward to having everyone back in the classroom soon.

Mr. Ferrell’s “Okie from Muskogee” Interview

by Abby Norton

The Muskogee Phoenix features a person every month to be honored with the title “Okie from Muskogee”.

Our favorite music teacher Mr. Ferrell was picked for the October issue, he was interviewed on September 20th.

Mr. Ferrell said “It was an honor to have been chosen”.

If you would like to read the article click the link below.

https://www.muskogee phoenix.com/news/schools/okie-from-muskogee-life-centered-around-music/article_9f6b86cf-c539-5813-882d-77527e6366b1.html

Mr. Mark’s Pineapple

by Abby Norton

Did you know that pineapples grow on bushes? They also take 18-22 months to ripen!

Mark Miller from maintenance planted a pineapple in the courtyard in March of 2019.

When asked he said he grew the pineapple for the school so the students could see a pineapple.

Mr. Mark said he started this process by buying a pineapple, cutting the top off, and letting it root.

The yellow pineapple is the most common type of pineapple, but they can rarely grow in Oklahoma conditions.

Mr. Mark’s pineapple took 17 months to fully grow and ripen.

Then on September 17th he cut the pineapple open and some students got to try it.

Mr. Mark showing his cut off pineapple to one of our “little ones”.

One of our “little ones” taking a closer look at the pineapple.

Another “courtyard” visitor... courtesy of Mr. Mark.

DECA Fall Leadership

by Audrey DeBrosky

This year's fall **DECA Leadership Conference** was held on October 5, 2020.

The students that participated were Levi Smith, Audrey DeBrosky, Ryan Williams, Gerardo Rodriguez, and Adan Gonzalez.

For the first time in history the conference was held virtually through a training program called

"The Virtual Leadership Experience"

They provide training to organizations and companies all over the world.

Mrs. Mock said: "I personally enjoyed this format more because I could stay in the comfort of my own home and didn't have to get up early. Win Win!"

The virtual conference focused on **"The 5 Voices of Leadership"** and had breakout sessions, called **"Deep Dive"** for each Voice: Pioneer, Nurturer, Guardian, Creative, or Connector.

Officers had a choice of attending breakout sessions about the following Leadership Tools:

- ◆ Leading While Living Your Best Life
- ◆ Marketing Your Media
- ◆ Leading With Passion, or
- ◆ Zoomin' With Engagement.

Overall it was a great experience for our DECA leadership team and they hope to take some of the things they learned and apply it to OSB's DECA chapter.

Service Learning

by Julio Valdez

Service learning has been fun this year.

We do morning announcements every day. I do it Mondays and Thursdays, Kaylie Minter gives the announcements on Tuesdays and Tyanna Culley has Wednesdays.

We have also done some fun activities with Mrs. Adams' class.

We read short stories, learn Spanish, play with a STEM kit¹⁾ and learn about fossils.

During service learning we discuss topics that we think are important to society, such as race relations, environmental protection and child abuse.

Service Learning is more than just a class, it is a way to give back to our community.

¹⁾STEM kit donated by Garver Engineering

Socktober

by Abby Norton

Socktober was started by the Service Learning class to help gather sock donations for those in need. Julio Valdez, a member of the service learning class, says "We will be collecting socks through the rest of October and you can drop off your donations at boxes located outside the front office, the FACS lab and the 5th floor science lab."

Kaylie Minter, another service

learning class student explains that "socks have been one of the under-donated items, and one of the most needed. The **VA hospital** and **Gospel Rescue Mission** are always in need of socks for the people who come to their facilities."

The service learning class looks forward to this event every year and hopes to make a difference with their efforts.

Biology Projects

Pond Water Collection

The picture shows a photo/screenshot by Emileigh Jackson taken by using a video camera held against the microscope.

The sample of water from Mrs. Daniels **seven yearlong**

project shows that there is still life in the **sealed jar of pond water** collected back in 2013.

The specimen is Hydrachnidia, also known as a "water mite".

Classroom Randomness

Watching a seed grow into a plant and taking a closer look at a plant ...

AeroGardens

by Yearbook/Newsletter staff

The **Healthy Fit Committee** in partnership with **OSU Farm to School** and the **Muskogee County Health Department** received a grant to purchase AeroGardens in order to grow vegetables in the classrooms.

Mrs. Webb, Mrs. Daniels and Ms. Goins all took on the responsibility of maintaining a garden this semester.

Mrs. Daniels grew **Swiss Chard**. It grew extremely fast and the students were able to taste it.

Jerelyn Black said "it was disgusting, and tasted like dirt."

This has been a fun activity and we can't wait to see what grows next!

Mrs. Webb's **cherry tomatoes** are starting to ripen and we can't wait to taste them.

The **jalapeno peppers** that are in Ms. Goins's room have started to flower and we hope to have peppers before Thanksgiving break.

AeroGardens

AeroGardens are foolproof, dirt-free, indoor gardens – so easy to use that anyone can grow lush, beautiful gardens, all year round. With an AeroGarden, you can grow almost anything, anywhere, anytime, with no dirt, no weeds, and no gardening experience needed.

OSB Blood Drive - SAVE THE DATE - November 17th !

FCCLA and the Service Learning class have organized our next blood drive to help the Oklahoma Blood Institute.

The flyer to the right was designed by Abby Norton.

GREAT JOB ABBY !!!

Blood Drive
 Hosted by FCCLA and the
 Service Learning Class
 Oklahoma Blood Institute
 Will be on campus
 Tuesday November 17th
 Give blood and save lives!
 We don't have to be a doctor to save a life. Just donate blood!

8th Annual Oklahoma Regional Cane Quest

by Faye Miller

Did you think a pandemic would keep us from showing off our orientation and mobility skills? No way!! Students are as ready as ever to earn points and win prizes and bragging rights. Instead of a 1-day event, Cane Quest will be

held with individual students over several weeks.

There is also a remote contest option for contestants who are unable to be with us on campus.

Parent Permission forms just arrived and contestants will be bringing them home this weekend.

Permission forms are due November 16, 2020.

Please return them to Faye Miller.

Middle School NSU Okla. College of Optometry Virtual Field Trip

by Faye Miller

On Tuesday 17 November, the Middle School classes will join the NSU Okla. College of Optometry (OCO) students in a **virtual field trip**.

Middle school students are preparing for this trip by writing a short biography they can share with the OCO students.

During our virtual field trip, we'll get to learn about NSU from Dr. Simpson, talk with the OCO students about their college

experiences, and play a game of **Braille BINGO**.

This virtual field trip is a great way to continue our long tradition of working with the OCO students before they come to OSB and see us in the low vision clinic.

Mr. Butler's History Class Celebrates Constitution Day

by Abby Norton

On September 17, 1787, the Founding Fathers signed the most influential document in American history, the U.S. Constitution.

Mr. Butler's 6th Grade Civics class performed the Preamble of the Constitution by song during announcements for Constitution Day.

The students who participated were: Treysen Brown, Jaylee Burnside, Bryan Alender, Nikki James, and Evy Mitchell.

Mr. Butler quizzed them about constitutional facts and they amazed the school with their talented singing.

The U.S. Constitution has 4,400 words. It is the oldest and shortest written Constitution of any major

government in the world.

By 1949, the governors of all 48 states had issued Constitution Day proclamations. On February 29, 1952, Congress changed the name from "I am an American Day" to "Citizenship Day" and moved its observation to September 17. In 2004, the day was renamed Constitution Day and Citizenship Day.

Teens For Christ Update

by Abby Norton

Teens For Christ (TFC) is a group of students who meet Tuesday mornings at 7:35 in the auditorium to praise and learn about the teachings of Jesus.

They talk about encouraging things to start your day off bright and how to apply the lessons from the Bible to your life.

Everyone is welcome to come and join in worship and hear a message of positivity.

Teens for Christ meeting

Boy Scouts Update

by Becky LaRue

The Boy Scouts were looking forward to some camping on Oct. 17-18, but unfortunately we didn't get to go.

On a good note Blue & Gold sales are going good.

OSB Boy Scout Troop 672 has been working hard selling the famous Blue & Gold Sausage, Bacon and Chicken Strips this month.

Orders were due by October 29 and will be delivered the first week of November, just in time for the holidays.

All proceeds will go towards paying membership dues and Scout Camp.

Membership has went to **125.00 per Scout per year** and with your support it is looking good for the scouts to be able to "scout" for another great year. We would like to thank each and every one who ordered

and supported our scouts. **THANK YOU!!!**

A VERY SPECIAL THANKS goes to the ones who went the extra mile for the scouts: Ms. Amy, Mrs. Garner, Mrs. Gamble, Ms. Marcella and Mrs. Cragg.

All about the "Pumpkin"

by Allison Garner

Here are a few pictures of our **pumpkin carving adventure!**

A little Halloween fun, while getting some OT time (occupational therapy) in with Mrs. Christy!

THANK YOU Mrs. Christy !

Cupcake Fun in ILS

by Yearbook/Newsletter staff

Anicka, Delilah and Genevieve got to try their hands at baking in ILS this month.

They had a lot of fun learning what ingredients were needed to

make cupcakes and the process for making a yummy dessert.

The girls not only practiced their kitchen skills but got to enjoy the final product, a delicious cupcake!

Thank you Ms. Amanda Isom for sharing the pictures with us, next time we want a cupcake too!

Random Acts of Kindness

by Yearbook/Newsletter staff

During a life skills lesson about kindness in our FACS class a spontaneous project was born. Students decided they wanted to carry out a random act of kindness for a few individuals on campus. We knew we would need to enlist the help of others!

Our fantastic O&M instructors, Ms. Woods and Mrs. Miller,

helped students navigate the store to find a small token of appreciation for their person.

In addition, Mrs. Christy lent her OT expertise to assist us in using our fine motor skills to repot plants.

And lastly, each student wrote a note to their individual to

express their appreciation.

Students reflected and were all in agreement that it felt good to do something for someone else!

Much thanks to Ms. Woods, Mrs. Christy and Mrs. Miller for helping us with our random acts of kindness, you are the best!

Pink Out Day - Oct 20

by Yearbook/Newsletter staff

October is Breast Cancer Awareness month and in order to increase awareness of the disease, people across the nation wear pink.

OSB's annual Pink Out Day was Tuesday, October 20. Students and staff wore pink to support those who are battling this terrible

disease.

Breast cancer is the most common cancer in American women, except for skin cancers.

According to the National Breast Cancer Foundation, it is estimated that in 2020, approximately 30% of all new women cancer diagnoses will be breast cancer.

There are over 3.5 million breast cancer survivors in the United States and if we keep working to increase awareness, we can lower the numbers diagnosed and increase the number of survivors.

Recreation Activities

Well this has been a crazy start of the year!

We started **August** a little later than planned but we did it with a **big splash** at the park and splash pad.

For **Craft Night** in August we made stress balls. Who knew they would come in handy?

We started the **September** month with playing **Bingo**. For **Craft Night** we made key chains, necklaces, bracelets or lanyards.

Movie Night was a lot of laughs.

We watched "**Spy Cat**" with the elementary students and

"**Playing with Fire**" with the Jr High & High School students.

Having popcorn of course makes any movie better.

Sept. 22nd was **National Ice Cream Cone Day**. We had ice cream bars because the ice cream cones were on back order. I told the kids as long as it was ice cream in any form it was okay by me. We ended September by celebrating birthdays for August and September.

Even though **October** was cut two weeks shorter, we have had a lot of fun. Due to the weather we had to cancel the Blow-ups as scheduled, but that was not a problem, we decorated baseball caps for "Hat Day" (10/26) instead. We celebrated October birthdays on October 20th.

Our costume parade and contest were great as well.

1st Place

– Heaven as Bumble Bee

2nd Place

– Branson as Hulk

3rd Place (tie)

– Jaylee as Vet and
– Stephanie as Hippie

I want to take a moment to thank the ILS teachers and students for providing the cupcakes for the Birthday Parties. They are doing a fantastic job! Thank you they are delicious.

Bless you all & stay safe.

Nancy Brice
Recreation Director

Our contest winners are...

JR / SR class "Scentsy" Fundraiser

Please help the Jr/Sr class raise money for their class events!

The Oklahoma School for the Blind Jr/Sr class is raising money to fund their end of year class trip, prom, graduation, and other events that make amazing high school memories!

All orders will be delivered by Christmas Day giving you a great gift giving option for all!

There's a little something for

everyone with Scentsy so everyone on your Christmas list is covered!

Please use below listed link:

<https://kendalljones.scentsy.us/party/13312553/oklahoma-school-for-the-blind>

The party will remain open until after December 1, so share it with everyone. All orders and payments are made through the party website

and products will be delivered directly to you at your home.

This is their main fundraiser for the year. Thank you for all of your support!

Scentsy Fall/Winter 2020 brochure

GOING THE EXTRA MILE

Following employees were nominated for their devoted support of our students, staff and school:

Thank you to Mr. Quentin for going the extra mile looking for Wikki Sticks for Heaven. He looked them up online and went to Hobby Lobby searching for some. How kind and thoughtful.

Kathy Barrett

Connie Merrill has gone the extra mile for OSB this year!

COVID hit our school in March and no one knew which way to turn! Connie stepped into nurse mode and helped direct our school on what to do. By contacting her sources with the health department we were able to learn more about what was best for our staff and students. She has worked very long hours on helping all of us to have a safe environment here at the school. She has fielded calls during and after work along with calls on weekends. When there is a case of COVID, Connie not

only has to analyze but she is the "Contact Tracer" that has to contact ALL of the contacts of that COVID case. Through all of this she has kept her cheerful attitude! Her cheerfulness is contagious and has helped everyone to stay calm in the middle of this storm.

Clinic Staff

A very special thanks to the ones who went the extra mile for the boy scouts: Ms. Amy, Mrs. Garner, Mrs. Gamble, Ms. Marcella and Mrs. Cragg. Your help and support is greatly appreciated. Thank you.

Becky LaRue

I would like to nominate Melissa Graves. She has had to handle the front office on many occasions by herself and she does it well. We are very grateful to have her as part of our "Front Office Crew".

Dawn Bryant

Thank you Laci Goins for helping peers during testing.

Susan Young Mock

Sandy Harris is sweet, personable and always willing to assist whenever needed. She has graciously interpreted for several IEP meetings and during enrollment times. Even during school closure last spring, Sandy

contacted a family to schedule a meeting, then interpreted via tele-conference. Sandy is very articulate and can quickly establish a good rapport with anyone she encounters. Sandy is a true professional and definitely goes the extra mile.

Karen Reed

Thank you Robert Miller for all the effort, time, and trouble shooting you do to help our students be successful with assistive technology.

Allison Garner

Thank you Rosie Coomer for Going the Extra Mile. From the time I first met her, she has always been more than willing to help out wherever needed. As a trainer, Rosie has the patience of a saint. She makes you feel comfortable asking questions and she gives a thorough explanation. I am sure that behind her face mask, she has a beautiful smile, too!

Tammy Saccomano

A huge THANK YOU to our cafeteria crew for coming up with a safe concept on how to do lunches in these crazy times. You ladies ROCK!

Maggie Mattox

Thank you guys for going the extra mile.

It is highly appreciated.
