

OSB Bullying Policy

Statement of Purpose

OSB supports a positive school climate, conducive to teaching and learning that is free from threat, harassment, and all types of bullying. It is the policy of OSB to prohibit all bullying of any person at school. Prohibited conduct includes incidents of bullying instigated by the use of electronic communication specifically directed at students and/or school personnel. This policy shall extend to all schools of OSB.

I. Definition and Scope

As defined by the School Safety and Bullying Prevention Act, "bullying" means any pattern* of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group, and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student;" [Okla. Stat. tit. 70, § 24-100](#).

On School Premises means on school grounds, in school vehicles, at school-sponsored activities, or at school-sanctioned events.

Electronic communication means the communication of any written, verbal, or pictorial information or video content by means of an electronic device, including, but not limited to, a telephone, a mobile or cellular telephone or other wireless telecommunication device, or a computer. Electronic communications include, but may not be limited to, communications made through social media, email or other online forums.

Physical bullying includes, but is not limited to, punching, poking, strangling, hair pulling, beating, biting, and excessive tickling.

Verbal bullying includes, but is not limited to, hurtful name calling, teasing and gossiping.

Emotional bullying includes, but is not limited to, rejecting, terrorizing, extorting, defaming, humiliating, blackmailing, rating/ranking of personal characteristics, such as race, disability, ethnicity, manipulating friendships, isolating, ostracizing and peer pressure.

Social bullying includes harm to another's group acceptance, including but not limited to, harm resulting from intentional gossiping about another student or intentionally spreading negative rumors about another student that result in the victim being excluded from a school activity or student group.

Sexual bullying includes unwelcome sexual advances, but is not limited to sexual exhibitionism (attracting attention to yourself), voyeurism (seeing, talking or writing about intimacy considered to be private), sexual propositioning, sexual harassment, physical contact and sexual assault. Sexual advances may include but are not limited to requests for sexual acts or favors, with or without accompanying promises, threats or reciprocal favors or actions, or other verbal or physical conduct of a

sexual nature including, but not limited to: lewd or sexually suggestive comments, off-color language or jokes of a sexual nature, gestures, slurs and other verbal, graphic or physical conduct relating to an individual's sex; or any display of sexually explicit pictures, greeting cards, articles, books, magazine, photos, cartoons or electronic communication devices which adversely affect a student's performance.

Threatening Behaviors means any pattern of behavior or isolated action*, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel, or school property.

Note: Pattern of behavior or isolated action* - Upon assessing the severity of the incident, isolated action can be bullying. In other words, severity supersedes pattern. Please refer to the "Investigating and Responding" section for more information.

II. Prevention and Intervention

All school administrators and school employees at each school site shall be required to complete annual professional development training in school bullying prevention, identification, response, and reporting that meets the requirements of 70 O.S. § 24-100.4(A) and 210:10-1-20. Selection of the required training at each school site shall be based upon the recommendation of the Safe School Committee established at the site.

OSB is committed to providing annual training to students regarding identifying, preventing, addressing, and reporting incidents of bullying. Such educational programs may include, but are not limited to, classroom discussion, assemblies, multimedia and presentations. The purpose of the educational programs is to assist students in the identification of bullying behaviors, reporting procedures, and the consequences for violation of school policy.

OSB will implement a research-based educational program as designed and developed by the State Department of Education for students and parents in preventing, identifying, responding to, and reporting incidents of bullying. Or that best addresses the needs of the school community.

OSB will establish a Safe School Committee that meets the requirements of 70 O.S. § 24-100.5(A). The duties of the Committee shall be the duties set forth in 70 O.S. § 24-100.4(B). Operational functions of the Safe School Committee includes but not limited to;

- Promoting positive social behaviors
- Raising awareness in schools about the dangers of bullying
- Planning and implementing prevention efforts
- Notify the school of unsafe conditions, possible strategies for avoiding harm, student victimization, and other issues that compromise the maintenance of a safe school.

In administering discipline, consideration will be given to alternatives to traditional punishment, to ensure that the most effective discipline and support is administered in each case. In all disciplinary action, teachers, staff, and administrators will be mindful of the fact that they are dealing with individual personalities.

Alternatives to punitive measures include but are not limited to those below.

- Referral to counselor
- Conference with student
- Conference with parents
- Behavior contract
- School Restoration Program
- Community service
- Referring student to appropriate social agency or to a delinquency prevention and diversion program administered by the office of Juvenile Affairs
- Other appropriate disciplinary action as required and as indicated by the circumstances which may include, but is not limited to, restrictions of privileges such as removal from eligibility to participate or attend extracurricular activities as well as removal from the privilege of attending or participating in certain school activities, and/or class.

To prevent further incidents of bullying and intimidation, targets of bullying should not be impacted directly or indirectly by the consequences assigned to the perpetrator. I.e. moving the target/victim out of a particular class or activity.

**This list does not reflect a sequence of events to follow in disciplinary actions.

The district's bullying officer and individuals designated as school site investigators will receive additional training regarding appropriate consequences and remedial action for perpetrators, helping targets of bullying, and the district's strategy for counseling and referral for all those affected by bullying.

Students will receive annual education regarding behavioral expectations, understanding bullying and its negative effects, disciplinary consequences for infractions, reporting methods, and consequences for those who knowingly make false reports. Any person who knowingly makes false accusations against another person will be appropriately disciplined pursuant to district policy. Any accusations confirmed to be false will be removed from the falsely accused student's file. Parents and guardians may participate in a parent-education component.

This policy shall be made available to every member of the school community.

III. Reporting and Documenting

Bullying Preventing Officers - The principal of each school site in this district shall designate at least one bullying prevention officer ("BPO") who shall be the primary point of contact to receive reports of incidents of bullying.

The duties of the bullying prevention officer shall be as follows:

2. To establish and maintain the confidentiality of reports of incidents of bullying as appropriate;
3. To establish a method for receiving anonymous reports of incidents of bullying;

5. To educate the school and community about bullying prevention measures; and
6. To review, monitor, and suggest strategies for improvement of the school climate in order to facilitate prevention and intervention of bullying incidents in the school site and promote a school culture of intolerance of bullying behaviors;
7. To report the number of documented and verified incidents of bullying to the district and/or the State Department of Education in accordance with the requirements of 70 O.S. §24-100.4(F) and accompanying regulations at 210:10-1-20;
7. To serve on the Safe School Committee and make recommendations for bullying prevention education, professional development, and/or policies and procedures pertaining to bullying prevention; and

If any person is aware of or sees a victim of bullying as defined in this Policy, such person must immediately report to the bullying prevention officer (school counselor) or principal of the building. Reports may be made anonymously; however, no formal disciplinary action will be taken solely on the basis of an anonymous report. Reports shall be made **immediately** to a building administrator by any school employee that has reliable information that would lead a reasonable person to suspect that a person is a target or perpetrator of bullying. Any written documentation of the alleged incident(s) shall be provided to the principal. If the bullying involves electronic communication as defined in the Policy, a printed copy of the communication as well as any identifying information, such as an email or web address, shall be provided to the principal.

Individuals who may report incidents of bullying - Incidents of bullying at each school site in this district may be reported by any student, parent, school employee, or member of the public. Any school employee who has reliable information that would lead a reasonable person to suspect that an individual at the school is currently or has been the target of one or more incidents of bullying shall be required to report the information to the school's bullying prevention officer. Failure by school employees to report incidents of bullying in accordance with the requirements of this policy may result in disciplinary action.

Privacy and confidentiality - Reports of bullying shall be kept confidential to the extent necessary to ensure compliance with the provisions of the Family Education and Privacy Rights Act (FERPA) and to protect students who report incidents of bullying from retaliation.

Anonymous reporting - In order to ensure individuals may report incidents without fear of retribution or retaliation, every school site in this district shall provide at least one method of anonymous reporting of incidents of school bullying that protects the identity of the individual

reporting the incident. However, an anonymous report shall not be the sole basis for formal disciplinary action in response to an incident of bullying.

Tracking reports of incidents of bullying. All reports of bullying shall be tracked using methods that will enable the Bullying Prevention Officer and administrators of each school site to identify emerging patterns of bullying over extended periods of time.

Notification to the parents or legal guardians- Parents and legal guardians of the reported victim of bullying and the parents or legal guardians of the reported perpetrator of the bullying will be notified within twenty-four (24) hours of receipt of the report of bullying and providing timely notification to the parents or legal guardians of a victim of documented and verified bullying and to the parents or legal guardians of the perpetrator of the documented and verified bullying; provided, if a student expresses suicidal thoughts or intentions or encourages another student to commit suicide, the parents or legal guardians of the student(s) shall be notified **immediately**.

Family Responsibilities - Parents/guardians are strongly encouraged to:

1. Report bullying when it occurs and complete a harassment/bullying incident report form;
2. Take advantage of opportunities to talk to their children about bullying;
3. Inform the school immediately if they think their child is being bullied or is bullying other students;
4. Watch for symptoms that their child may be a victim of bullying and report those symptoms; and
5. Cooperate fully with school personnel in identifying and resolving incidents

IV. Investigating and Responding

The following procedures will be used by any person for the processing and resolution of a reported incident of bullying or threatening behavior. The procedures are to be followed by the administration of the school district in an effort to determine the severity of the incident and the potential to result in future violence.

The procedure for investigating reported incidents of bullying or threatening behavior is as follows:

Initiation of investigation - Within three (3) school days of receipt of a report of an incident of bullying, the school principal or designee shall initiate an investigation of the reported incident. All interviews with individuals involved in the incidents, their parent(s)/legal guardian(s), and/or witnesses shall be documented. A student's parent/legal guardian or attorney shall be permitted to be present at the interview of a student upon request of the student or the student's parent/legal guardian.

- I. Upon receipt of an incident report and supporting evidence, the bullying prevention officer or building principal shall contact the superintendent and begin an investigation to determine the severity of the incident and the potential for future violence.

Please note that it is best practice to avoid interviewing alleged victim/perpetrator together and having them wait together or near each other before/during/after the interview process. Having them together in any capacity could further add to the misuse or abuse of power by the alleged perpetrator and add to the incident:

- A. All investigations shall be documented on a form that includes, at a minimum, all of the following information:
 1. The date that the report of the incident was received by the Bullying Prevention Officer;
 2. The date investigation of the report was initiated;
 3. The name and title of the individual(s) assigned to conduct the investigation;
 4. Identification of all individuals involved in the incident;
 5. Identification of all individuals who witnessed the incident;
 6. A summary of the details of the alleged incident;
 7. A list of documentation available to investigate the incident; (e.g., a written statement of a student victim, a written statement of student witnesses, medical information, incident forms, police reports);
 8. A summary of action taken to investigate the incident (e.g., interviews with alleged victim, offender, perpetrator, and/or witnesses; review of incident reports; review of the history of prior student behaviors; review of evidence;

9. A determination of whether sufficient evidence exists to verify the occurrence of the alleged conduct;
 10. Identification of follow up actions taken with the victim(s) and offender(s);
 11. Identification of consequences implemented for the offender(s);
 12. Identification of remediation implemented to address harm to the victim(s);
 13. Date and method of notification of parents/legal guardians of a victim(s) and offender(s) of completion and findings of the investigation.
- II. If it is determined that the school district's discipline code has been violated, an administrator shall follow district policies regarding the discipline of the student.
 - III. All verified acts of bullying which may constitute criminal activity or reasonably have the potential to endanger school safety may be reported to local law enforcement.
 - IV. Upon completion of the investigation, an administrator or superintendent may recommend that available community mental health care or other counseling options be provided to the student, if appropriate. This may include information about the types of support services available to the student bully, victim, and any other students affected by the prohibited behavior. If such a recommendation is made, the administration shall request disclosure of any information that indicates an explicit threat to the safety of students or school personnel provided the disclosure of information does not violate the provisions or requirements of the Family Educational Rights and Privacy Act (FERPA) of 1974, the Health Insurance Portability and Accountability Act (HIPAA) of 1996, Section 2503 of Title 12 of the Oklahoma Statutes, Section 1376 of Title 59 of Oklahoma Statutes, or any other state or federal laws relating to the disclosure of confidential information.
 - V. Upon completion of an investigation, timely notification shall be provided to the parents or guardians of a victim of documented and verified bullying. This information should be provided within 2 days of the conclusion of the investigation.

- VI. Upon completion of an investigation, timely notification shall be provided to the perpetrator of the documented and verified bullying. This information should be provided within 2 days of the conclusion of the investigation.

Note: No formal disciplinary action shall be taken solely on the basis of a report.

The Superintendent shall be responsible for enforcing this policy. A building administrator should notify the superintendent within twenty-four (24) hours of any report of bullying. Upon completion of an investigation, a building administrator should notify the superintendent of the findings of the investigation. Documentation should also be provided to the superintendent to establish that timely notification was provided to the parents of the victim and the parents of the perpetrator.

V. Safeguards and Supports

In conjunction with its disciplinary and investigatory measures, OSB shall work to provide appropriate safeguards and multi-tiered support for students and staff involved in bullying situations. Such resources shall include, but are not limited to;

- Safeguards
 - Consequences and remedial action for a person who commits an act of bullying

 - Referral to community mental health
 - Community out-of-school programs
